House Decorations.

That elegant line of wall paper and cloth window shades just opened out at Saur's Drug and Book Store is attracting a great deal of attention. It only needs to be seen to be appreciated. The ceiling decorations are of the latest patterns and will make any room, when properly put up, look like a little palace. But in order to make a room look finished, it needs some of those beautiful cloth shades put over the windows, of which Saur has a full line at lower prices than they have ever been sold at before. You can get them in nice gilt patterns, fringed and tacked on the latest improved fixtures, ready to put up, or you can buy them perfectly plain, by the yard or in patterns, 6 or 7 feet long, with or without the rollers. Don't fail to call and examine these goods even if you don't wish to buy. It is sometimes a pleasure to know what others can and do buy.
